Planning & Environment Committee

Date:	**28 June 2016**
Title:	**Street Names – Site D**
Contact Officer:	**Andrea Oughton, Committee Services Officer**

Action

1. To agree seven new street names for the Persimmon development on Site D.

Background

2. The new development consists of 175 dwellings and is divided into 7 streets. The development will be built out in a Phased approach.

3. Members may wish to continue the theme of famous Thamensians as the site is the same side of Thame Park Road as Youens Drive, Jane Morbey Road, Staggs Road, John Fulkes Avenue, Limmings Lane and Massey Road.

4. Continuing the theme of famous Thamensians would help establish and strengthen links between the new development and the Town.

Recommendation:

The Committee is asked:

i) To agree a list of names of famous Thamensians that may be used as street names on the Persimmon development (Site D).
