1st December 2016

Dear Cassie

I am writing to thank you for your support for Lighthouse Thame and Villages 2016.

As you may have heard we had a tremendous year. The showground was transformed into a marquee village where 976 children, 500 helpers, over 200 family groups in parents and toddlers, and more than ever teenagers in the evening joined together to make the week the best ever. We were blessed with good weather, lots of fun and probably more importantly more buckets of gunge than ever!

Financially we have ended the year in a strong position thanks to generous parental donations, grants, business donations and local churches.

The feedback we have received has been amazing and we are already planning Lighthouse 2017!

None of this would have been possible without your support, please do pass on to everyone concerned our sincere thanks for helping make this possible.

Yours sincerely

Andy Sims
Interim Chairman
