In the Upper Chamber, Thame Town Hall.

H Fickling (Chairman), C Jones and A Midwinter

G Markland, Neighbourhood Plan Continuity Officer

A Oughton, Committee Services Officer

### 1 Apologies for Absence

Apologies for absence were received from Cllrs Emery (Holiday), Stiles (Unwell) and Wyse (Council Business).

### 2 Declarations of Interest and Dispensations

The Chairman reminded Councillors that a general dispensation was in place that allowed them to discuss and vote on planning application P17/S1978/LB – Various Listed Buildings, Thame Town Centre.

Cllr Fickling declared a personal interest in planning application P17/S2306/O – Land between Elmfield House and the Old Dairy, Moreton and left the meeting during discussion of this item.

### 3 Public Participation and Public Questions

Mr Hunt, spoke as the Proper Officer of Thame Town Council, in whose name application P17/S1978/LB had been submitted. At a meeting held on 25 April 2017 the Council agreed to provide further support to this project both financially and officer time. Also that the planning application would be submitted in the Council's name with Helen Johns acting as the agent.

It was always known that the District Conservation Officer had concerns about the project and these have now been published on the planning portal. Concerns have also been raised, on conservation grounds, by the Conservation Area Advisory Committee and a resident in Great Milton.

Letters of support have been submitted from the District Economic Development team, the Henley Town Centre Manager and Tourism South East together with 12 implicit letters of support from the owners of each of the listed buildings on which the plaques are to be placed.

We disagree with the District Conservation Officer's conclusion. The Officer has also raised concern with regard to the position of two of the plaques which we would be happy to revisit via a revision to the application. The report states that the public benefit does not outweigh the harm to the area. We disagree and believe it is in the interests of the public and the vibrancy and vitality of the town as the plaques will encourage more visitors with each building becoming more visited and more recognisable. We appreciate that the past has played an important part in Thame's present but that the past should not overly dictate its future.
