Dear Thame Town Council,

Thank you for your generous support to keep the Red Kite Family Centre services continue for young families here in Thame.

Our first year as a registered charity has been a huge success and we continue to develop services based on community feedback and the guidance and governance of our trustee board.

Whilst we are still completing more intricate data analysis of family attendance from the lowest Super Output area of Thame (Thame South 71) and families living in poverty, we are delighted to share the below figures with you to demonstrate the success of Red Kite in its first year as a registered charity:

Red Kite Family Centre Data for financial year April 2017 – April 2018

Red Kite held **615** separate events and services for families during 2017/2018 including **86** universal access 'stay and play' sessions in Thame.

223 new families have registered at the Red Kite Family Service and attended an event or support group in our first year.

293 new children registered and attended Red Kite during our first year.

In total **2070** children aged 0-5years are currently registered with the Red Kite Family Centre.

Please see attached the feedback from our recent survey monkey 'service user' questionnaire.

I think you will agree that both the attendance and service provision statistics are extremely encouraging and we are very much looking forward to developing our service further this coming year to include more 'outreach' services to make sure we are reaching as many of our growing community as possible.

Thank you again for all of your support,

With kind regards,
The Red Kite Team
