THE IMPRESSIVE PROFESSIONAL MOWER

Acres of power

Kubota's powerful diesel engines provide all the power you need for demanding mowing tasks.

Impressive performance

The powerful HST gearbox guarantees high travelling and working speeds.

Ample comfort

The new G Series mowers offer excellent working and operating comfort, which makes life easier for the operator.

Efficient working

The G series mowers are equipped with an improved Hydrostatic Transmission that can handle demanding high-speed work.

Perfect cut

No matter whether the grass is tall or dense, wet or dry, the machine's mower deck guarantees excellent mowing performance in all conditions.

Fast emptying

The mower offers yet another great feature: no grass collector in their category can be raised and faster
