

Planning & Environment Committee

Report Title:	Street Names – Former DAF Trucks Ltd Site, Eastern By-Pass
Meeting Date:	30 November 2021
Contact Officer:	Lizzie Fuller, Committee Services Officer

Action Required

1. To receive an update on the street names for the development on the former DAF Trucks Ltd site, Eastern By-Pass.

Background

2. At the previous committee meeting, it was recommended that Beatrice Dobie, Len Webb, Mike Welply, Nicholas Stock, Geoffrey Chaplin, and Charlie Jones be put forward as street names for the Former DAF Trucks Ltd Site, subject to approval from the families.
3. The families were contacted and all, except one as per their late father's wishes, were supportive of their relatives' names being put forward to the District Council for street names on this site.
4. SODC have drawn up a draft plan for the site (Appendix 1) with the following street names (which have all been approved by the families):
 - Street 1 - Welply Crescent (the family requested 'Welply Way' and SODC have advised that they tend not to use alliteration, but it would be considered if the Town Council also supported it)
 - Street 2 - Chaplin Close
 - Street 3 - Charlie Jones Road
 - Street 4 - Stock Road
 - Street 5 - Beatrice Gardens
5. The District Council has suggested using QR codes on the street names for people to find out about the roads they live on, as has been used on other developments in Thame such as Seymour Court. The Committee Services Officer will continue to liaise with the families and SODC to obtain the content for this.

Recommendation:

- i) To note the report.***
