## **Thame Youth Theatre Grant Reward - Report**

Thame Youth Theatre were very lucky in receiving the grant award made by Thame Town Council to Thame Youth Theatre last year for £2,400. This was very exciting for the Youth Theatre as we were struggling financially due to the pandemic.

However we have now been given the opportunity to streamline some of our services thanks to our new software and the equipment that the funding has brought us. Which I am writing this report on!

We used the equipment given, such as the ipad and go pro for the summer project show. I have attached some pictures and videos used for it in the email.

We have also used our new card reader to make buying raffle tickets and tickets so much easier than cash and cheques which was our method for almost 30 years prior.

Thame Youth Theatre also spent the money on a printer which has made our lives easier due to the fact that we need printed scripts, posters, programs, newsletters and many more.

All of these purchases have helped bring Thame Youth Theatre into an easier flowing system, making it easier for YADM to focus on communicating with the parents and focusing on more important work that benefits the children that we work with at Thame Youth Theatre.

The grant was well received and really gave Thame Youth Theatre that extra push to regaining what we lost during the Covid-19 pandemic. We have a long way still to go but it was a step in the right direction.

We are truly grateful for your grant reward and hope that we can apply again in the future, and keep our relationship with the council and the Thame community growing.
