

THAME HOCKEY CLUB

GRANT FUNDING REPORT

FOR 2021 & 2022

2021 GRANT REPORT

Background

Thame Hockey applied for a Council Capital Grant to purchase a team dugout for the club, to be used for player's to store equipment and shelter during wet weather conditions.

In June 2021 the club were awarded a grant of £2400 which was transferred to the club's bank account the following month.

COVID restrictions meant that the purchase of the structure was delayed until the following summer. The grant was enough to purchase an industry leading shelter and after extensive negotiations with Lord Williams' school, we took delivery and installed the shelter in September 2022.

2021 GRANT REPORT

Budget

The grant enabled us to purchase a 3 metre structure with bench. We included wheels so that it can be moved easily. Additionally we purchased a fold-up bench system for the visiting team to use.

2021 GRANT REPORT

Volunteers from the club and a local engineer helped to construct the new shelter. It was in place for the first games of the season at the end of September.

2021 GRANT REPORT

This fold-up bench can be stored in our shed and provides great seating for visiting teams. The younger junior teams love it!

2022 GRANT REPORT

Background

Thame Hockey applied for a Council Capital Grant to purchase a replacement storage shed after our existing one was damaged in high winds earlier in the year. With £1000s of equipment we needed to find a shed that was robust and met the requirements of the school's health and safety policy.

In June 2022 the club were awarded a grant of £2400 which was transferred to the club's bank account the following month.

With the shed being place on school property we had to negotiate carefully the installation location but once this was agreed the shed was ordered from ASGARD in September 2022.

2022 GRANT REPORT

Background

The shed was delivered and installed by Asgard in early December 2022. The structure is police approved and is made of steel so it should withstand all weather conditions as well as attempted burglaries. We managed to negotiate a discount on the price and we used this saving to get the shed professionally installed.

The old shed has been donated to the school to use.

2022 GRANT REPORT

Budget

The grant enabled us to purchase the shed

<https://www.asgardsss.co.uk/cycle-store-x-12-police-approved>

The installation took approximately 0.5 of a day and was a necessary purchase due to the complexity of the construction.

2022 GRANT REPORT

We chose a grey colour to ensure the shed fitted in with the local environment. The shed is approximately 15% larger than our previous shed.

2022 GRANT REPORT

We will look to fund raise for additional shelving to make storage easier and use the space wisely.

All the committee, players, coaches and parents from Thame Hockey Club would like to extend out thanks for the 2 grants. These capital items will help us to continue our growth and provide a foundation for the club. The school have been very co-operative in helping us to install the items and we also thank them for the great partnership we have forged over the last 15 seasons.

Thanks again from all at Thame Hockey Club.
