Background

All town and parish councils are required by statute to make arrangements for an independent internal audit examination of their accounting records and system of internal control and for the conclusions to be reported each year in the Annual Return. Auditing Solutions Ltd has provided this service to Thame Town Council since 2005.

This report sets out the work undertaken in relation to the 2022-23 financial year to date which was completed by 25th October 2022 and 22nd February 2023. We undertook our initial review for the year remotely and the update review which was completed at the Town Council offices. We wish to thank the Responsible Finance Officer and staff in assisting the process, providing all necessary documentation to facilitate completion of our reviews for the year to date. We have ensured governance and financial controls remain effective.

Internal Audit Approach

In undertaking our reviews for the year to date, we have had regard to the materiality of transactions and their susceptibility to potential mis-recording or misrepresentation in the year-end Statement of Accounts/Annual Return. We have employed a combination of selective sampling techniques (where appropriate) and 100% detailed checks in a number of key areas in order to gain sufficient assurance that the Council's financial and regulatory systems and controls are appropriate and fit for the purposes intended.

Our programme of cover has been designed to afford appropriate assurance that the Council's financial systems are robust and operate in a manner to ensure effective probity of transactions and to afford a reasonable probability of identifying any material errors or possible abuse of the Council's own and the national statutory regulatory framework. The programme is also designed to facilitate our completion of the 'Annual Internal Audit Report' in the Council's Annual Return, which requires independent assurance over a number of internal control objectives.

Overall Conclusion

We are pleased to conclude that, in the areas examined to date, the Council continues to have effective systems in place to help ensure that transactions are free from material misstatement and will be reported accurately in the Annual Governance and Accountability Return for the financial year.

We ask that members consider the content of this report and acknowledge that the report has been reviewed by Council.

We are also pleased to record that Council members and officers continue to operate a sound, pro-active approach to risk management and corporate governance issues, together with the development and management of effective internal controls and procedural documentation.

- Verified that the ledger remains “in balance” at the present date;
- Ensured that the cost centre and nominal ledger coding structure remains appropriate for purpose;
- Checked detail of transactions in the current account cashbook, agreeing two months’ transactions for April & September 2022 and January 2023 to the relevant Lloyds Bank account statements; and
- Checked and agreed detail on bank reconciliations prepared using the Rialtas/Omega accounting software, as at 30th April and 30th September 2022 and January 2023 for the Lloyds account.

Our objective is to ensure that the Council has a robust regulatory framework in place; that Council and Committee meetings are conducted in accordance with the adopted Standing Orders and that, as far as we are able to ascertain, no actions of a potentially unlawful nature have been taken nor are such being considering currently. We are pleased to note that the Standing Orders and Financial Regulations were re-adopted by the Council at the May 2019 meeting.

- We have continued our review of minutes of the Council and it’s Standing Committees for the year against the above criteria with no issues arising at present; and
- We note that the Standing Orders and Financial Regulations were adopted at the Full Council meeting in May 2022.

Review of Expenditure

Our aim here is to ensure that: -

- Council resources are released in accordance with the Council's approved procedures and budgets;
- Payments are supported by appropriate documentation, either in the form of an original trade invoice or other appropriate form of document confirming the payment as due and/or an acknowledgement of receipt, where no other form of invoice is available;
- All discounts due on goods and services supplied are identified and appropriate action taken to secure the discount;
- The correct expense codes have been applied to invoices when processed; and
- VAT has been appropriately identified and coded to the control account for periodic recovery.

Following the implementation of electronic payments, we previously examined the procedures in place for the authorisation and release of funds in this respect, ensuring that appropriate controls are in place and that members are undertaking appropriate reviews and checks on payments in order to ensure the effective discharge of their fiduciary responsibilities.

We have continued the testing of our sample of payments to January 2023 in order to ensure compliance with the above criteria and the Council's approved working practices:

We have also examined the quarterly VAT reclaims to December 2023 which are submitted on line as required by HMRC and also reflected in the debtor figures at the financial year end.

Conclusions

We are pleased to record that no issues have been identified warranting formal comment or recommendation in this area. We will undertake further work at our final review.

Assessment and Management of Risk

Our aim here is to ensure that the Council has put in place appropriate arrangements to identify all potential areas of risk of both a financial and health and safety nature, whilst also ensuring that appropriate arrangements exist to monitor and manage those risks in order to minimise the opportunity for their coming to fruition. To meet that objective, we have: -

- Noted that the Council reviewed its Internal Controls and Financial Risk assessments which were approved by Full Council in April 2021 and will be reviewed again in this financial year;
- Also noted that the Health & Safety and Human Resources requirements provided by Ellis Whittam was approved by Policy & Resources in July 2019 and renewed for a further term; and

- Examined the Council's current insurance schedule for the year to May 2023 with underwriting cover provided by Zurich We are pleased to record that cover in all areas appears appropriate for the Council's current requirements.

Conclusions

No issues have arisen in this area warranting formal comment or recommendation.

Precept Determination and Budgetary Control

We aim in this area of our work to ensure that the Council has appropriate procedures in place to determine its future financial requirements leading to the adoption of an approved budget and formal determination of the amount of the precept placed on the Unitary Authority, that effective arrangements are in place to monitor budgetary performance throughout the financial year and that the Council has identified and retains appropriate reserve funds to meet future spending plans.

We note that, on 17th January 2023, a precept of £900,453 be raised for the precept for 2023-24 which was formally approved by Full Council.

We have physically checked the cash and have reviewed the holding from the information that we have been provided. We previously noted that an independent check has been undertaken to confirm the account balances. This had been minuted accordingly.

At this interim update audit we have reviewed a sample of the debit card and fuel card transactions.

The 12-year loan was registered by the Council's solicitors and it has been drawn down with capital repayments, excluding interest, being made monthly.

We have also noted from the accounts that The Council has provided an unsecured loan of £40,000 to Thame Cricket Club for a 12-year term.

The accounts also reflect a secured loan to Thame Sports Club Limited on a 12-year term for £40,000. The loan is interest bearing after an initial free two-year term.

There are also two loans to Community Land Trust which are due to be repaid in March 2023.
