# WELCOME TO THAME

Thame is a market town that grew from Anglo-Saxon roots but has since developed its own individual character whilst preserving its rich history. This guide will give you an overview of all that Thame has to offer for 2024 and beyond!

Thame continues to thrive, with a vibrant town centre that is supported by an incredible community of individuals, groups, and businesses, all playing a crucial part in keeping the town a wonderful place to live, work and play.

Photo by Asis Art

Thame Town Council (TTC) is the local council that works to support Thame parish. The council is made up of 16 elected councillors, who are supported by a team of employed staff who work in partnership with local residents, community groups and businesses to preserve the town's unique heritage and dynamic future.

Thame Town Council was created from the Thame Urban District in 1974, which means TTC turns 50 in May.

We want to use the year to celebrate all things Thame, whether that be from the last 50 years, or looking towards what the Parish wants to achieve in the future!

We hope you enjoy this year with us and help shape Thame for the next 50 years.

# THAME NEIGHBOURHOOD PLAN TNP2

## NEIGHBOURHOOD PLANNING

Thame's Neighbourhood Plan (TNP) sets out a vision for the area that reflects the views of local people. TNP sets objectives and policies on key themes such as moving around, housing, employment, green space and community facilities. It is used to guide and influence development so that it better reflects the needs and aspirations of Thame's community.

We employ a dedicated resource, a Neighbourhood Plan Continuity Officer, who oversees all aspects of the plan and provides key liaison, advice and support to the council and interested parties, while representing the best interests of Thame. We also have a Neighbourhood Plan Continuity Committee who meet to receive updates on TNP, and plan and monitor its delivery. Thame is reviewing its Neighbourhood Plan and hope to adopt a new one in 2024, following a public referendum. There will be at least one more chance to have your say on the Plan before then. Further details will be given in our weekly newsletter and on our TNP2 webpage:

[www.thametowncouncil.gov.uk/TNP2](http://www.thametowncouncil.gov.uk/TNP2)

## PLANNING APPLICATIONS

The Town Council also makes a recommendation to SODC on all planning applications relating to Thame & Moreton. For information on the Town Council's role in planning applications, and how to have your say, visit:

[www.thametowncouncil.gov.uk/planning](http://www.thametowncouncil.gov.uk/planning)

Anyone is welcome to come along to either of the above Committee meetings to hear about the latest plans and developments across the Parish.

# A GREEN LIVING PLAN FOR THAME

The Green Living Plan was adopted by Thame Town Council in 2020. It is a ten-year plan for a cleaner, greener Thame. It's main intention is to protect and enhance the quality of life for everyone locally in the things that really matter – our air, our water, and the natural world that surrounds us.

It has benefited from the contributions of many individuals and local groups. While focusing on Thame, the plan explicitly recognises the vital importance of the town's links with its surrounding communities and countryside.

These provide a handy listings key along with additional information about attractions in Thame.

# SUPPORTING TRAVEL IN THAME

## Travel Plan Working Group

There is often talk about a 'lack of parking' in Thame - inevitable as the character and beauty of the town limits the ability to add extra parking to accommodate increased cars on our roads. Thame Town Council's Travel Plan Working Group has been formed to ensure effective and safe travel and transport provision within Thame.

## A Hopper Bus for Thame?

In 2024 one of our projects will be starting up a community hopper service that serves housing estates within Thame and some of the surrounding villages. To find out more or get involved email [info@thametowncouncil.gov.uk](mailto:info@thametowncouncil.gov.uk)

## Reducing Cars on the Road

With most homes in Thame less than 20 minutes walk from the town centre, another project will be to explore what the barriers are to more people using active travel in Thame.
