*For and on behalf of  
Auditing Solutions Ltd*

## **Background**

All town and parish councils are required by statute to make arrangements for an independent internal audit examination of their accounting records and system of internal control and for the conclusions to be reported each year in the Annual Return. Auditing Solutions Ltd has provided this service to Thame Town Council since 2005.

This report sets out the work undertaken in relation to the 2023-24 financial year which was completed by 14th November 2023 and 27<sup>th</sup> February and 26th May 2024. We again wish to thank the Responsible Finance Officer and staff in assisting the process, providing all necessary documentation to facilitate completion of our review for the year. We have ensured governance and financial controls remain effective.

## **Internal Audit Approach**

In undertaking our reviews for the year, we have had regard to the materiality of transactions and their susceptibility to potential mis-recording or misrepresentation in the year-end Statement of Accounts/Annual Return. We have employed a combination of selective sampling techniques (where appropriate) and 100% detailed checks in a number of key areas in order to gain sufficient assurance that the Council's financial and regulatory systems and controls are appropriate and fit for the purposes intended.

Our programme of cover has been designed to afford appropriate assurance that the Council's financial systems are robust and operate in a manner to ensure effective probity of transactions and to afford a reasonable probability of identifying any material errors or possible abuse of the Council's own and the national statutory regulatory framework. The programme is also designed to facilitate our completion of the 'Annual Internal Audit Report' in the Council's Annual Return, which requires independent assurance over a number of internal control objectives.

## **Overall Conclusion**

We are again pleased to conclude that, in the areas examined, the Council continues to have effective systems in place to help ensure that transactions are free from material misstatement and will be reported accurately in the Annual Governance and Accountability Return for the financial year.

We ask that members consider the content of this report and acknowledge that the report has been reviewed by Council.

We are also pleased to record that Council members and officers continue to operate a sound, pro-active approach to risk management and corporate governance issues, together with the development and management of effective internal controls and procedural documentation.

We have completed and signed the 'Annual Internal Audit Report' in the year's Annual Governance and Accountability Return, having concluded that, in all significant respects, the control objectives set out in that report were being achieved throughout the financial year to a standard adequate to meet the needs of the Council.

## Review of Corporate Governance

Our objective is to ensure that the Council has a robust regulatory framework in place; that Council and Committee meetings are conducted in accordance with the adopted Standing Orders and that, as far as we are able to ascertain, no actions of a potentially unlawful nature have been taken nor are such being considering currently. We are pleased to note that the Standing Orders and Financial Regulations were re-adopted by the Council at the May 2019 meeting.

- We have completed our review of minutes of the Council and it’s Standing Committees for the year against the above criteria with no issues arising at present; and
- We note that the Standing Orders and Financial Regulations were adopted at the Full Council meeting in May 2023.

### *Conclusions*

## Review of Expenditure

Our aim here is to ensure that: -

- Council resources are released in accordance with the Council's approved procedures and budgets;
- Payments are supported by appropriate documentation, either in the form of an original trade invoice or other appropriate form of document confirming the payment as due and/or an acknowledgement of receipt, where no other form of invoice is available;
- All discounts due on goods and services supplied are identified and appropriate action taken to secure the discount;
- The correct expense codes have been applied to invoices when processed; and
- VAT has been appropriately identified and coded to the control account for periodic recovery.

Following the implementation of electronic payments, we previously examined the procedures in place for the authorisation and release of funds in this respect, ensuring that appropriate controls are in place and that members are undertaking appropriate reviews and checks on payments in order to ensure the effective discharge of their fiduciary responsibilities.

We have completed the testing of our sample of payments to March 2024 in order to ensure compliance with the above criteria and the Council's approved working practices:

We have also examined the quarterly VAT reclaims to March 2024 which are submitted on line as required by HMRC and also reflected in the debtor figures at the financial year end.

## Assessment and Management of Risk

Our aim here is to ensure that the Council has put in place appropriate arrangements to identify all potential areas of risk of both a financial and health and safety nature, whilst also ensuring that appropriate arrangements exist to monitor and manage those risks in order to minimise the opportunity for their coming to fruition. To meet that objective, we have: -

- Noted that the Council reviewed its Internal Controls and Financial Risk assessments which were approved by Full Council 5<sup>th</sup> March 2024 with further reviews being undertaken for 2025;
- Also noted previously that the Health & Safety and Human Resources requirements provided by Moorepay as per new contracts dated 1 November 2022 for the next 3 years.; and

### *Conclusions*

*No issues have arisen in this area warranting formal comment or recommendation.*

## **Precept Determination and Budgetary Control**

We aim in this area of our work to ensure that the Council has appropriate procedures in place to determine its future financial requirements leading to the adoption of an approved budget and formal determination of the amount of the precept placed on the Unitary Authority, that effective arrangements are in place to monitor budgetary performance throughout the financial year and that the Council has identified and retains appropriate reserve funds to meet future spending plans.

We note that, on 16<sup>th</sup> January 2024, a precept of £1,020,616 be raised for 2024-25 which was accepted by Full Council following a revised budget review and it was formally approved on 5<sup>th</sup> March 2024.

We are pleased to note that members continue to receive regular budget monitoring reports with over/under-spends and the level of earmarked reserves the subject of regular review.

In this area of our review process, we aim to ensure that all income due to the Council is identified, invoiced (where applicable) and recovered at the appropriate rate and within a reasonable time scale; also that it is banked promptly in accordance with the Council's Financial Regulations.

During our first audit for the year we reviewed the advertising income and ensured that VAT is charged where appropriate.

The Town Hall Upper Chamber and Meeting Room are booked and managed through an Outlook Diary. We have reviewed a sample of invoices to the nominal ledger and confirmation of receipt to the paid invoice records and also confirmed that appropriate hire agreements and supporting documentation are held.

We have reviewed the nominal ledgers and Sales Ledger, as it stands currently, and are pleased to report that no significant or long-standing debts are in existence of which the Council are unaware.

We also reviewed fees and charges for the meeting rooms and SRRG football pitch hire in accordance with the requirements of the Financial Regulations for 2023-24 noting that they were approved in 2022-23 and have not been increased for 2023-24.

We have checked the cash and the TIC till and are satisfied that the controls and management of these is robust.

At the interim update audit we have reviewed a sample of the debit card and fuel card transactions.

### ***Conclusions***

***There are no matters requiring formal comment or recommendation in this area of our review process.***

## **Review of Salaries**

In examining the Council's payroll function, we aim to confirm that extant legislation is being appropriately observed as regards adherence to the Employee Rights Act 1998 and the requirements of HM Revenue and Customs (HMRC) legislation as regards the deduction and payment over of income tax and NI contributions, together with meeting the requirements of the local government pension scheme, as further revised from 1<sup>st</sup> April 2023 in relation to employee percentage bandings.

## **Fixed Asset Registers**

The Governance and Accountability Manual requires all councils to maintain a record of all assets owned. We will check and agree the principles used in the detail, as recorded in the Council's Asset Register using purchase cost values or where that value is unknown at the previous year's Return level or uplifted or decreased to reflect the acquisition or disposal of assets. This register is updated by DCK Accounting Solutions, their accountants and we will review this register along with the final year-end figures.

### ***Conclusion***

***No issues require formal comment or recommendation at this present time.***

## **Investments and Loans**

The Council has a range of investments managed by an external fund manager (Rathbones Investment Management). We have noted re-adoption of the Annual Investment Strategy by the Policy and Resources Committee in February 2020.

We have verified the 32 Day deposit with Lloyds Bank with an investment currently at £779k.

The Council has two outstanding PWLB loans: we have verified detail of the first half-yearly repayment instalments for 2023-24 to the repayment demands.

There is also three loans totalling £135,000 to Chinnor Rugby Club repayable over 12 years, £90,000 of which is secured by a legal charge over land and/or buildings. The 12-year loan was registered by the Council's solicitors and it has been drawn down with capital repayments, excluding interest, being made monthly.

We have also noted from the accounts that The Council has provided an unsecured loan of £40,000 to Thame Cricket Club for a 12-year term.

The accounts also reflect a secured loan to Thame Sports Club Limited on a 12-year term for £40,000. The loan is interest bearing after an initial free two-year term.

There are also two loans to Community Land Trust which are due to be repaid in August 2024.

### *Conclusions*

*No matters arise in this area of our review for the year.*

## **Annual Governance and Accountability Return**

The Accounts and Audit Regulations required that all Councils prepare a detailed Statement of Accounts, together with supporting statements identifying other aspects of the Council's financial affairs.

As part of our year-end review, we have checked to the March 2024 cash books, nominal ledgers, purchase & sales ledgers and year end trial balances. We have not yet reviewed the final accounts completed by DCK Accounting Solutions to include their final year-end figures, however, should the this affect the outcome our review we will issue an addendum to this report.

We have also examined the Council's procedures and data in relation to the preparation of the year-end detailed accounts and Annual Governance and Accountability Return data and are satisfied that there are currently no issues arising.

### *Conclusions*

*No issues have arisen in the review areas and on the basis of work undertaken during the year, we have duly signed off the Internal Audit Report of the Annual Governance and Accountability Return, assigning positive assurances in each relevant area.*
